

Huntsville MPO Bicycle Plan

Plan Purpose

The purpose of this plan is to identify opportunities and constraints for bicycling in the Huntsville MPO region, and to establish recommendations for improvement. This plan includes recommendations for easy, quick-win projects that create immediate impact, as well as long-term, visionary projects that may require additional funding, design, and coordination. The plan provides a phased set of implementation strategies to accomplish the stated project vision and goals, as described below.

Project Vision

As a **connected**, **safe**, and **comfortable** place for bicycling for all ages and abilities, the **Greater Huntsville MPO region is a premier location for bicycle transportation and recreation**. A **culture** emerges where bicycling is **accessible** and **fun**, helping attract and retain workforce and contributing to a strong regional economy.

Project Goals

Provide **connectivity** between destinations, existing greenways, and across municipalities.

Prioritize **safety** in bikeway development and programs, building off Vision Zero efforts.

Build high-quality, **comfortable** bike facilities that improve experience and increase ridership.

Increase **equitable** bicycle transportation and utilitarian options for underserved areas, including improved access to transit, schools, and major employers.

Build a bicycling **culture** where all roadway users are more considerate, through education, encouragement, and safety programs.

Do You Have Any Comments on the Draft Vision and Goals?

Please share your feedback on the sticky notes below.
