TRiP 2050 Update

The Huntsville-Area Metropolitan Planning Organization is seeking public comment on the proposed FINAL 2050 Long-Range Transportation Plan that will be considered for adoption by the MPO Policy Board at the March 19, 2025 meeting.

Public Participation Meetings

What is the Long-Range Transportation Plan (LRTP)?

The Long-Range Transportation Plan (LRTP) is a road map of transportation projects, both funded and visionary, for the next 25 years in the Huntsville MPO study area. In order for a state or Federal transportation project to get funding, it must be included in the LRTP. A new LRTP is released by the MPO staff every five years, but is amended as projects warrant.
